SIMPLIFILE SIGNS WISCONSIN TRUSTED SUBMITTER AGREEMENT

PROVO, UTAH – June 24, 2009 – Simplifile announced that on May 6, 2009, Simplifile signed the Wisconsin Trusted Submitter Agreement during a signing ceremony held in the Governor’s Conference Room at the Wisconsin State Capitol Building. The Wisconsin Trusted Submitter Agreement is a document that establishes security and formatting standards for companies supplying technology for electronic recording (e-recording). The signing of the agreement allows the opportunity for Simplifile and Wisconsin local and state governments to join together to take advantage of e-recording through a standard and secure method.

Following the signing ceremony, Craig Haskins, EVP Knight-Barry Title and Wisconsin Electronic Recording Council member, demonstrated an actual electronic recording using the Simplifile e-recording service.

E-Recording is the process of submitting, receiving, and processing documents for recording via the Internet that have traditionally been sent to the County for recording by runner, express mail, or courier service. E-Recording simplifies and accelerates all aspects of the recording process and dramatically improves the County’s ability to serve its constituents.

“I commend the Wisconsin Electronic Recording Council on their continued dedication and hard work to expand e-recording in Wisconsin,” said Mark Moats, Simplifile Wisconsin Representative. “The efficiencies gained by both submitting companies and counties through e-recording are significant. Many Wisconsin counties are already benefiting from e-recording, and I expect the majority of counties in Wisconsin will be e-recording in the near future.”

“Simplifile is excited to see the acceleration of e-recording in Wisconsin and to lead the expansion of e-recording nationwide,” said Paul Clifford, President of Simplifile. “By signing the Wisconsin Trusted Submitter Agreement, Simplifile continues to position itself as a market leader in e-recording. We are driven to make the land record submission and recording process easier, more secure, and cost-effective by working with local and state governments and providing superior e-recording solutions.”

About Simplifile

Simplifile provides innovative, simple, and secure electronic recording services via the Internet for a wide variety of customers, including title companies, banks, attorneys, lien filers, and County and State government jurisdictions. Simplifile e-recording services accelerate document recording and simplify document workflow processes, significantly reducing costly overhead associated with traditional submission and recordation methods while dramatically improving client service levels.

Simplifile is focused on building the industry’s de facto e-recording network. As such, Simplifile provides a streamlined and scalable approach to electronic recording for organizations of all shapes and sizes. For more information on how Simplifile can benefit your organization, visit www.simplifile.com or call 801.373.0151.
