SIMPLIFILE AND BROWNTech FORM STRATEGIC ALLIANCE

PROVO, UTAH – September 10, 2009 – Simplifile, the leader in e-recording, and BROWNtech, a provider of electronic document management systems and services, announced the formation of a strategic alliance between the two companies and the integration of BROWNtech's Advanced Land Indexing System (ALIS) into the Simplifile e-recording network.

This integration allows documents to be electronically filed by Simplifile submitter customers such as title companies, law offices, and banks. The documents are then received, reviewed, recorded, and returned to those same submitters by counties running ALIS. The strategic alliance also provides for Simplifile and BROWNtech to cooperatively market the alliance and resulting services to their mutual customers.

"Browntech worked with Simplifile to record the first ever electronically recorded document in Hampden County, Massachusetts several years ago," said Clifton Brown, BROWNtech President. "The Simplifile system is heads above the competition in power and ease of use. We look forward to implementing their system in all our counties."

"Simplifile is pleased to work with BROWNtech to automate the document recording process," said Erik Blomquist, Simplifile Vice President of Technology. "BROWNtech provides industry-leading government record automation technologies. By integrating the BROWNtech's ALIS system into the Simplifile e-recording network, the combined offering brings the benefits of e-recording to key markets nationwide."

About Simplifile

Simplifile provides innovative, simple, and secure electronic recording services via the Internet. Simplifile's customers include title companies, banks, attorneys, lien filers, and county and state government jurisdictions. Simplifile electronic recording services accelerate document recording and simplifies document workflow processes that reduces costly overhead associated with traditional submission and recordation methods while improving client service levels.

Simplifile is focused on building the industry's de facto electronic recording network. As such, Simplifile provides a streamlined and scalable approach to electronic recording tailored to

organizations of all shapes and sizes. For more information on how Simplifile can benefit your organization, visit www.simplifile.com or call 801.373.0151.

About BROWNtech

BROWNtech is a provider of electronic document management & imaging systems for state, county and local government. The Company's products are used for the storage and retrieval of document data and images and include the ability to accept documents electronically. BROWNtech's services include all aspects of hardware and software selection, system design, installation and training, and ongoing support and related services. BROWNtech has installations throughout the Northeastern United States. Our continued success is based upon our ability to maintain a close working relationship with all of our customers. As a result our products and services are continually upgraded to meet the changing needs of the County and to keep pace with current technology.

Simplifile is a registered service mark of Simplifile, LC.
