SIMPLIFILE AND HELION SOFTWARE FORM STRATEGIC ALLIANCE

PROVO, UTAH – September 10, 2009 – Simplifile, the leader in e-recording, and Helion Software, a creator of software solutions for local governments and businesses, announced the formation of a strategic alliance between the two companies and the integration of Helion Recording (Helion Software’s software) into the Simplifile e-recording network.

This integration allows documents to be electronically filed by Simplifile submitter customers such as title companies, law offices, and banks. The documents are then received, reviewed, recorded, and returned to those same submitters by counties running Helion Recording. The strategic alliance also provides for Simplifile and Helion Software to cooperatively market the alliance and resulting services to their mutual customers.

“We are very excited to be able to offer e-recording services to our clients,” said Murray Giesbrecht, President of Helion Software. “Bringing Simplifile’s local and national e-recording submitters will not only greatly benefit our current customers but will allow us to expand into new markets.”

“Simplifile is pleased to work with Helion Software to automate the document recording process,” said Erik Blomquist, Simplifile Vice President of Technology. “Helion Software provides industry-leading government and business record automation technologies nationwide. By integrating Helion Software’s recording system into the Simplifile e-recording network, the combined offering brings the benefits of e-recording to key markets nationwide.”

About Simplifile

Simplifile provides innovative, simple, and secure electronic recording services via the Internet. Simplifile’s customers include title companies, banks, attorneys, lien filers, and county and state government jurisdictions. Simplifile electronic recording services accelerate document recording and simplifies document workflow processes that reduces costly overhead associated with traditional submission and recordation methods while improving client service levels.

Simplifile is focused on building the industry’s de facto electronic recording network. As such, Simplifile provides a streamlined and scalable approach to electronic recording tailored to

organizations of all shapes and sizes. For more information on how Simplifile can benefit your organization, visit www.simplifile.com or call 801.373.0151.
