**SIMPLIFILE AND KELLPRO FORM STRATEGIC ALLIANCE**

**PROVO, UTAH – September 10, 2009** – Simplifile, the leader in e-recording, and KellPro, Inc., a leader in providing software applications and imaging services, announced the formation of a strategic alliance between the two companies and the integration of the KellPro Recording System into the Simplifile e-recording network.

The newly formed partnership will allow counties that use the KellPro Recording System to electronically record (e-recording) land record documents such as deeds, mortgages, and reconveyances submitted by title companies, abstractors, banks, and attorneys through the Simplifile E-recording Service. The strategic alliance also provides for Simplifile and KellPro to cooperatively market the alliance and resulting services to their mutual customers.

"Faithfully serving county and local governments has been our pleasure for many years here at KellPro," said Tim Keller, President of KellPro, Inc. "This new relationship with Simplifile will enhance the features we offer and help to improve the service our clients render to the public."

"Simplifile is pleased to work with KellPro to automate the document recording process," said Erik Blomquist, Simplifile Vice President of Technology. "KellPro provides quality software and highly effective technology solutions that produce quality results. By integrating the KellPro Recording System into the Simplifile e-recording network, the combined offering brings the benefits of e-recording to key markets nationwide."
