SIMPLIFILE AND BLACK MOUNTAIN SOFTWARE FORM STRATEGIC ALLIANCE

PROVO, UTAH – September 23, 2009 – Simplifile, the leader in e-recording, and Black Mountain Software, Inc., a creator and supplier of software products local government, announced the formation of a strategic alliance between the two companies and the integration of Black Mountain Software's Document Indexing system into the Simplifile e-recording network.

This integration allows documents to be electronically filed by Simplifile submitter customers such as title companies, law offices, and banks. The documents are then received, reviewed, recorded, and returned to those same submitters by counties running Black Mountain Software's Document Indexing system. The strategic alliance also provides for Simplifile and Black Mountain Software to cooperatively market the alliance and resulting services to their mutual customers.

"Electronic recording is very cool. We're excited about working with Simplifile to bring this very efficient capability to our customers," said Jack Liebschutz, VP Black Mountain Software.

"Simplifile is pleased to work with Black Mountain Software to automate the document recording process," said Erik Blomquist, Simplifile Vice President of Technology. "Black Mountain Software provides industry-leading government record automation technologies to many local counties throughout Montana. By integrating the Black Mountain Software's Document Indexing system into the Simplifile e-recording network, the combined offering brings the benefits of e-recording to key markets nationwide."

About Simplifile

Simplifile provides innovative, simple, and secure electronic recording services via the Internet. Simplifile's customers include title companies, banks, attorneys, lien filers, and county and state government jurisdictions. Simplifile electronic recording services accelerate document recording and simplifies document workflow processes that reduces costly overhead associated with traditional submission and recordation methods while improving client service levels.

Simplifile is focused on building the industry's de facto electronic recording network. As such, Simplifile provides a streamlined and scalable approach to electronic recording tailored to

organizations of all shapes and sizes. For more information on how Simplifile can benefit your organization, visit www.simplifile.com or call 801.373.0151.

About Black Mountain Software

Black Mountain Software, Inc. is a Montana-based firm serving over 400 local governments in states from coast to coast. We have been in continuous operation since 1988, providing quality software, service and support. We've developed numerous software products, with a focus on accounting and billing related software, specifically to serve Municipalities, Counties, Schools, Water/Sewer Districts and other types of local government organizations. Our document indexing and recording system, used by Montana counties starting in 1994, provides recording, indexing, imaging, and advanced search and filter capabilities.

Simplifile is a registered service mark of Simplifile, LC.
