**FORSYTH COUNTY, NORTH CAROLINA BEGINS E-RECORDING WITH SIMPLIFILE**

**FORSYTH COUNTY, NORTH CAROLINA – December 1, 2009** – Simplifile announced that on November 17, 2009, Forsyth County, North Carolina, officially began electronically recording (e-recording) land record documents such as deeds and mortgages submitted by title companies, abstractors, banks, and attorneys through the Simplifile e-recording service.

E-Recording is the process of submitting, receiving, and processing documents for recording via the Internet that have traditionally been sent to the County for recording by runner, express mail, or courier service. E-Recording simplifies and accelerates all aspects of the recording process and dramatically improves the County's ability to serve its constituents.

"Simplifile was the first of our vendors to submit an e-recording," said Forsyth County Register of Deeds, C. Norman Holleman. "We believe that e-recording bridges technology with the functioning of the Register of Deeds Office and provides a true service to banks, attorneys, realtors and title companies around the country. E-Recording is expected to save time for our customers, reduce document-filing errors, and enable tracking of documents from the convenience of our customers' offices."

"Simplifile is excited to partner with the Forsyth County Register of Deeds' Office to provide e-recording services to their customers. The Forsyth County Register of Deeds, C. Norman Holleman, and his staff continue to demonstrate leadership by making the land record submission and recording process easier, more secure, and cost-effective through the use of technology," said Paul Clifford, president of Simplifile. "Organizations doing business with the Forsyth County Register of Deeds' Office will enjoy time savings, cost savings, and productivity gains by e-recording with Simplifile."

**About Simplifile**

Simplifile provides innovative, simple, and secure electronic recording services via the Internet for a wide variety of customers, including title companies, banks, attorneys, lien filers, and County and State government jurisdictions. Simplifile e-recording services accelerate document recording and simplify document workflow processes, significantly reducing costly overhead associated with traditional submission and recordation methods while dramatically improving client service levels.

Simplifile is focused on building the industry's de facto e-recording network. As such, Simplifile provides a streamlined and scalable approach to electronic recording for organizations of all shapes and sizes. For more information on how Simplifile can benefit your organization, visit [www.simplifile.com](http://www.simplifile.com) or call 801.373.0151.
