SIMPLIFILE AND EDOC TECHNOLOGIES FORM STRATEGIC ALLIANCE

PROVO, UTAH – April 22, 2010 – Simplifile, the leader in e-recording, and Edoc Technologies, Inc., a developer and provider of software solutions for county and municipalities, announced the formation of a strategic alliance between the two companies and the integration of Edoc Suites into the Simplifile e-recording network.

The newly formed partnership will allow counties that use Edoc Suites to electronically record (e-recording) land record documents such as deeds, mortgages, and reconveyances submitted by title companies, abstractors, banks, and attorneys through the Simplifile E-Recording Service. The strategic alliance also provides for Simplifile and Edoc Technologies to cooperatively market the alliance and resulting services to their mutual customers.

“Edoc Technologies partnership with Simplifile will greatly benefit our customers” said Michelle Haas, CEO of Edoc Technologies. “The integration allowing e-recording will reduce the County Clerk’s staff time and increase efficiency when recording and processing a document by importing data and images directly into EdocTec software”. Edoc is committed to stay abreast of technological advances and the integration with Simplifile for e-recording is one example.

“Simplifile is pleased to work with Edoc Technologies to automate the document recording process,” said Erik Blomquist, Simplifile Vice President of Technology. “Edoc Technologies dedicated to the development and support of software solutions. By integrating Edoc Technologies’ Edoc Suites into the Simplifile e-recording network, the combined offering brings the benefits of e-recording to key markets nationwide.”

About Simplifile

Simplifile provides innovative, simple, and secure electronic recording services via the Internet. Simplifile’s customers include title companies, banks, attorneys, lien filers, and county and state government jurisdictions. Simplifile electronic recording services accelerate document recording and simplifies document workflow processes that reduces costly overhead associated with traditional submission and recordation methods while improving client service levels.

Simplifile is focused on building the industry's de facto electronic recording network. As such, Simplifile provides a streamlined and scalable approach to electronic recording tailored to organizations of all shapes and sizes. For more information on how Simplifile can benefit your organization, visit www.simplifile.com or call 801.373.0151.

Edoc Technologies

Edoc Technologies, Inc. is a company dedicated to the development and support of software solutions for county and municipalities. Edoc's software developers have been developing integrated county and municipal software solutions for more than 20 years. Edoc's commitment to the future of government software applications in a constantly changing world is evident in the growth seen in the last two years.

Simplifile is a registered service mark of Simplifile, LC.
