**SIMPLIFILE AND QUADRAS FORM STRATEGIC ALLIANCE**

**PROVO, UTAH – April 22, 2010** – Simplifile, the leader in e-recording, and Quadras Corporation, a company focused on boosting customer productivity, announced the formation of a strategic alliance between the two companies and the integration of E-Record into the Simplifile e-recording network.

The newly formed partnership will allow counties that use E-Record to electronically record (e-recording) land record documents such as deeds, mortgages, and reconveyances submitted by title companies, abstractors, banks, and attorneys through the Simplifile E-Recording Service. The strategic alliance also provides for Simplifile and Quadras to cooperatively market the alliance and resulting services to their mutual customers.

“After having provided e-recording services to our customers for nearly 10 years, we are concentrating on the internal production efficiencies of the e-recording process in the title environment. We have found that Simplifile’s multi-county submission network is a superior way to provide reliable, efficient service to our production-oriented customers. Simplifile has proven to be an excellent partner to provide first class service to our customers,” said Will McLain, President of Quadras Corporation.

“Simplifile is pleased to work with Quadras to automate the document recording process,” said Erik Blomquist, Simplifile Vice President of Technology. “Quadras provides systems and services that support the real estate industry. By integrating Quadras’ E-Record into the Simplifile e-recording network, the combined offering brings the benefits of e-recording to key markets nationwide.”

**About Simplifile**

Simplifile provides innovative, simple, and secure electronic recording services via the Internet. Simplifile’s customers include title companies, banks, attorneys, lien filers, and county and state government jurisdictions. Simplifile electronic recording services accelerate document recording and simplifies document workflow processes that reduces costly overhead associated with traditional submission and recordation methods while improving client service levels.

Simplifile is focused on building the industry's de facto electronic recording network. As such, Simplifile provides a streamlined and scalable approach to electronic recording tailored to organizations of all shapes and sizes. For more information on how Simplifile can benefit your organization, visit [www.simplifile.com](http://www.simplifile.com) or call 801.373.0151.

### **About Quadras**

Quadras Corporation is focused on boosting your productivity and profit margins in real estate related processing. The Company installed its initial system in a title agency in 1991. Your title searching, examination, recording, and policy preparation processes are engineered to minimize labor cost and maximize production control and customer response. A high efficiency multi-county electronic recording process interfaces Simplifile's submittal network, marrying the title production process to efficient recording. Quadras may be reached at (602) 279-1440 or [www.Quadras.com](http://www.Quadras.com).
