GASTON COUNTY, NORTH CAROLINA BEGINS E-RECORDING WITH SIMPLIFILE

GASTON COUNTY, NORTH CAROLINA – May 17, 2010 – Simplifile today announced that Gaston County, North Carolina, has officially begun electronically recording (e-recording) land record documents such as deeds and mortgages submitted by title companies, abstractors, banks, and attorneys through the Simplifile e-recording service.

E-Recording is the process of submitting, receiving, and processing documents for recording via the Internet that have traditionally been sent to the County for recording by runner, express mail, or courier service. E-Recording simplifies and accelerates all aspects of the recording process and dramatically improves the County's ability to serve its constituents.

"The Gaston County Register of Deeds office is pleased to work with Simplifile to provide e-recording for land record documents," said Gaston County Register of Deeds, Susan Lockridge. "We believe that e-recording enables us to more efficiently record documents. Not only will it save time for our customers, it helps to eliminate document-filing errors. Additionally, e-recording customers working with Simplifile can record and track the status of documents from the convenience of their offices, using a web browser."

"Simplifile is excited to partner with the Gaston County Register of Deeds' office to provide e-recording services to their customers. The Gaston County Register of Deeds, Susan Lockridge, and her staff continue to demonstrate leadership by making the land record submission and recording process easier, more secure, and cost-effective through the use of technology," said Paul Clifford, President of Simplifile. "Organizations doing business with the Gaston County Register of Deeds' office will enjoy time savings, cost savings, and productivity gains by e-recording with Simplifile."

About Simplifile

Simplifile provides innovative, simple, and secure electronic recording services via the Internet for a wide variety of customers, including title companies, banks, attorneys, lien filers, and County and State government jurisdictions. Simplifile e-recording services accelerate document recording and simplify document workflow processes, significantly reducing costly overhead associated with traditional submission and recordation methods while dramatically improving client service levels.

Simplifile is focused on building the industry's de facto e-recording network. As such, Simplifile provides a streamlined and scalable approach to electronic recording for organizations of all shapes and sizes.
