KANKAKEE COUNTY, ILLINOIS BEGINS E-RECORDING WITH SIMPLIFILE

Kankakee, Illinois – January 20, 2010 – Simplifile today announced that on December 29, 2009, Kankakee County, Illinois officially began electronically recording (e-recording) land record documents such as mortgages and releases submitted by title companies, banks, credit unions and attorneys through the Simplifile e-recording service.

E-Recording is the process of submitting, receiving, and processing documents for recording via the Internet that have traditionally been sent to the County for recording by runner, express mail, or courier service. E-Recording simplifies and accelerates all aspects of the recording process and dramatically improves the County's ability to serve its constituents.

"Simplifile is excited to partner with the Kankakee County Recorder of Deeds office to provide e-recording services to their customers. The Kankakee County Recorder of Deeds, Lori Gadbois, and her staff continue to demonstrate leadership by making the land record submission and recording process easier, more secure, and cost-effective through the use of technology," said Paul Clifford, President of Simplifile. "Organizations doing business with the Kankakee County Recorder of Deeds office will enjoy time savings, cost savings, and productivity gains by e-recording with Simplifile."

About Simplifile

Simplifile provides innovative, simple, and secure electronic recording services via the Internet for a wide variety of customers, including title companies, banks, attorneys, lien filers, and County and State government jurisdictions. Simplifile e-recording services accelerate document recording and simplify document workflow processes, significantly reducing costly overhead associated with traditional submission and recordation methods while dramatically improving client service levels.

Simplifile is focused on building the industry's de facto e-recording network. As such, Simplifile provides a streamlined and scalable approach to electronic recording for organizations of all shapes and sizes.
